

Sunnydown School Council – Minutes of Meetings

Date: Tuesday 14th January 2020

Discussions this week:

- Sean, the new Chef was invited into the meeting to discuss the new menu that will start next week.
- The boys were extremely complimentary of the new menu and did confirm that they felt that it was representative of their class.
- Some additional suggestions were for Hot Chocolate at break when the weather is colder and some suggestions for the Summer term.
- Cameron Castle went on to read out a proposal for the Friends of Sunnydown for some new benches made from recycled bottles. The Council were very positive and unanimous in their agreement. They will take the idea to their forms for whole school approval.
