

Caterham Cycle Challenge - Couch to 660k

Official Sponsorship Form

Please sponsor me as I support Sunnydown's Caterham Cycle Challenge and cycle around Kenley Aerodrome. My distance will contribute to the total distance cycled with the aim of cycling 660km in May 2023. Every donation helps local families in need including some from our school. Additional information overleaf.

Caterham Cycle Challenge - Couch to 660k

Sunnydown School in Caterham, Surrey, runs a cycle scheme where students are offered the opportunity to gain a cycle mechanic qualification as part of their curriculum.

As part of our cycle scheme and inspired by The Gibb Challenge in Australia (<https://thegibbchallenge.com.au/>), we are cycling 660km around Kenley Aerodrome from 4th to 12th May. We plan on **raising £35,000** to support the families of all local primary schools who may be in need of access to a Mental Health Practitioner, or possibly to buy quality school shoes for families receiving Free School Meals ready for September.

Sunnydown is taking two of its students to Australia to participate in the Gibb Challenge in May 2023. This will allow for the promotion of our initiative to an international audience.

You can contribute to the fundraising effort by dropping coins into the collection tins on the counter of many local businesses, making donations directly to the event, sponsoring a cyclist from Sunnydown, encouraging businesses to purchase one of our corporate sponsorship opportunities or even sponsoring the event yourself.

Alternatively, perhaps your school would like to organise their own cycle event, contributing the funds raised to the Caterham Cycle Challenge?

With a wide range of corporate sponsorship packages available from Bronze (£50) through to Diamond (£2023).

Our major sponsor for 2023 is Gus Periscopes. They will have their logo on all 120 tops, and the cycle shirts being worn in Australia.

To support this amazing community event, please do not hesitate in sharing the attachments and email address below and visiting our website (<https://www.sunnydown.surrey.sch.uk/>) for additional information.
